

Business Analysis Readiness Assessment

Raising the BAR (Business Analysis Readiness) of Your Organization

Use our online Business Analysis Readiness assessment to help evaluate your organization's current knowledge in each of the six core Knowledge Areas of the IIBA Guide to the Business Analysis Body of Knowledge (BABOK). Our assessment includes 50 multiple-choice questions, all mapped to the BABOK using the same question ratio as the Certified Business Analysis Professional (CBAP) exam.

Our unique assessment randomly selects 50 questions from a bank of 104 "practice-oriented" questions, all aligned with the BABOK Knowledge Areas. The assessment then randomizes the order each question is presented and then randomizes the answer choices for each question. This triple-randomization process creates an individualized assessment for each participant. No participant will receive the same assessment.

The 104 assessment questions include questions from each of the BABOK knowledge areas as follows:

BABOK Knowledge Area	Number of Questions
Enterprise Analysis	24
Requirements Planning & Management	23
Requirements Elicitation	19
Requirements Analysis & Documentation	22
Requirements Communication	11
Solution Assessment & Validation	5

When the assessment randomly selects 50 questions from the bank of 104; they are broken down as follows:

BABOK Knowledge Area	Number of Questions Per 50 question assessment
Enterprise Analysis	11
Requirements Planning & Management	11
Requirements Elicitation	10
Requirements Analysis & Documentation	10
Requirements Communication	5
Solution Assessment & Validation	3

CORPORATE EDUCATION CENTER

Each participant is assessed on his/her level of Business Analysis knowledge and receives a coaching report that guides him/her to the courses and associated reading that will help refine strength areas and develop weak areas.

All our new Business Analysis courseware is fully aligned with the BABOK and prepares participants with the knowledge and skills they need to succeed in the workplace and on the CBAP exam (if that is their goal).
